IS CHARLIE THE UNICOIN A COIN? DAO? DEX? AI PROJECT? DEF1? NFT?

WE ARE A UTILITY COIN, BUT WE ALSO CONSIDER OURSELVES AS AN INNOVATIVE AI, MEME, DEF1, GAMING, DAO, NFT, AND MUCH MORE COIN. BUT FIRST, IT'S THE COMMUNITY THAT MAKES IT MATTER! WE'VE PUT A LOT OF THOUGHT INTO THIS PROJECT TO MAKE SURE EVERYTHING IS CONNECTED IN A WAY THAT WORKS FOR OUR COMMUNITY AND THE LONGEVITY OF THE PROJECT!

Overview

Sick of the same old dog memes flooding the internet? Us too. We craved something fresh, something untouched by the repetitive paws of canine content. So, we delved deep into the vast wilderness, searching for the untouched gold that awaited.

Lo and behold, in the midst of our quest, we discovered a treasure trove – the legendary Charlie the Unicoi! Shockingly, no one but us had dared to seize the opportunity and craft the ultimate coin from this untapped gem. We're not just hopping on a bandwagon; we're driving the chariot into uncharted territory.

Goals

1. Our main goal is to create a unique coin on its own blockchain that will avoid the naysayers and safely take our community to the moon! All this without stealing your kidney.
2. Only CEX and DEX Tier 1 and 2 listings!
3. We are starting with BASE, but our main goal is to be present on as many blockchains as possible!
4. We want to be the first coin to reach 100 billion USD MC.
5. We want to reach such a huge level of success that it will attract everyone's attention, which will lead to some kind of partnership.
6. Create a whole charlie ecosystem
7. Layer 2

FAQ

1. Why did we create "CHARLIE"? As crypto enthusiasts, we were tired of the iterative nature of coin iterations.
